LOVE

There is no difficulty that enough love will not conquer; No disease that enough love will not heal; No door that enough love will not open; No gulf that enough love will not bridge; No wall that enough love will not throw down; No sin that enough love will not redeem . . .

It makes no difference how deeply seated may be the trouble, How hopeless the outlook, How muddled the tangle, How great the mistake, A sufficient realization of love will dissolve it all . . . If only you could love enough you would be the happiest and most powerful being in the world . . .

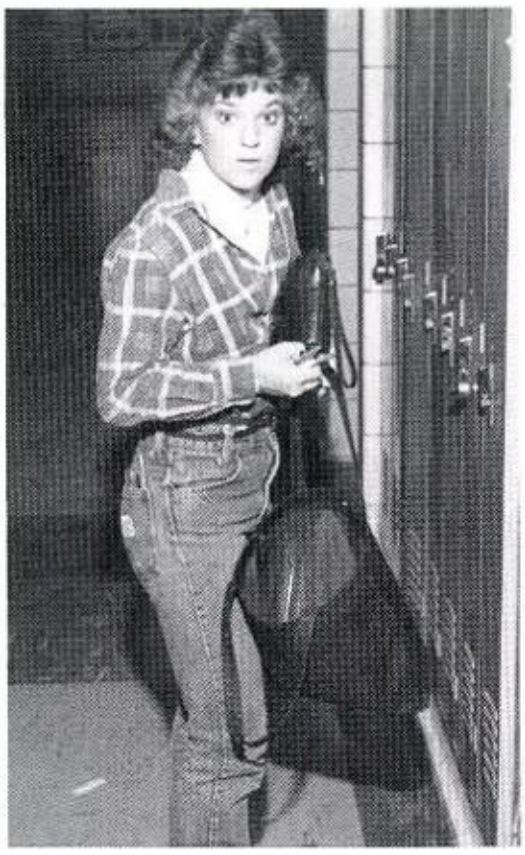
Answer in room 15!



Can you guess who these eyes belong to? Bet you can't!

IN APPRECIATION

Mr. Charles Frisina

This is to a man, who we feel has put into the yearbook, more time and effort than any person could ever ask for. Each year he has to prepare a new staff, help arrange the creation of the book, and go through countless hours of aggravation. We would like to say, Thank You for putting twelve years into something that means so much to a school like ours. We will always remember you.
